### Global Missions

The missionaries are excited to partner with the Upendo United Foundation. This foundation was started by Regina Reithii. Regina recently started this foundation to support an orphanage in Kenya which helps one hundred and thirty-five children ranging in age from 3 months to 19 years old. The missionaries continue to support this home as a part of our global mission effort. Dr. Stewart delivered clothing and shoes, pampers of all sizes, school supplies, and toiletries to Regina's home. We donated money to assist with shipping of monthly supplies as well. If you would like to support us in this endeavor, please send funds to Dr. Stewart by Cash App \$SAS2036, PayPal [sstew63598@aol.com](mailto:sstew63598@aol.com). Please note funds are for global missions.

### Q. Which vaccine should I get?

*The pandemic is still with us year later. Many people of color have what is being termed as “vaccine hesitancy”. We suggest that everyone make their own informed decision employing facts from their personal physician and trusted organizations. I would recommend checking out [BlackDoctor.org](https://www.blackdoctor.org) on Facebook. The group did an excellent presentation along with AARP in April on the various vaccines.*
